Message from the Guest Editors

Dear Colleagues,

The Second CCF Bioinformatics Conference (CBC2017), organized by the China Computer Federation, will be held in Changsha, China, 13–15 October, 2017.

Bioinformatics have become intensive research topics in the past decade and have attracted many leading scientists working in Biology, Physics, Mathematics, and Computer Science.

The purpose of CBC 2017 is to extend the international forum for scientists, researchers, educators, and practitioners to exchange ideas and approaches, to present research findings and state-of-the-art solutions in this interdisciplinary field, including theoretical methodology developments and their applications in biosciences and research on various aspects of bioinformatics. For all details, please see <http://bioinformatics.csu.edu.cn/resources/CBC2017/>.

Participants of the conference are cordially invited to contribute original research papers or reviews to this Special Issue of *Molecules*.
